First time on the market. This sunny, solid brick home sits on the corner of one of the oldest, most popular blocks in historic Biltmore Forest. Custom built with handmade Old Carolina Brick and finished with red oak hardwood floors throughout the main level, it echoes the classic elegance of the surrounding historic homes. Timeless symmetry, high ceilings, tall windows, woodburning fireplaces, and impressive custom millwork bring the craftsmanship of an older home, while the floor plan is designed for modern livability. En suite bedrooms, an open kitchen/family room, and finished space above the garage (ideal for office, studio, or playroom) round out an ideal layout. Low-maintenance irrigated grounds with established gardens complete the setting. Impeccably maintained. A short walk to Biltmore Forest Country Club. A rare offering in one of Asheville's most storied neighborhoods.
